Countryside is our new upcoming third area within Resort & Residency which will be located within the same region of Esentepe as the whole project, close to supermarket, pharmacy and our very own Beach & Marina.

This new project design focuses on comfort, peace and fun, all in a natural scenery with exceptional sea and mountain views. The architectural design in Sun Valley Countryside is focused on environmental friendly materials, with sustainable techniques, and there is a plan to be in one with the nature.

All details are very well thought through as always within Countryside, a quality life in a peaceful environment. A new way of living will begin in Countryside as we are going even more green..

Project will consist of 1-2 bedroom ground floor, penthouse and loft-penthouse apartments, 4 bedroom villas with private pool, garden, barbecue area and car park and 3 bedroom bungalows with private pool, roof terrace, garden, barbecue area and car park.
